

Reduce food waste

Free pickup/delivery

Increase social impact

About Replate

Replate connects your business with volunteers from non-profit organizations. At the end of a day or event when you have extra food that would otherwise be wasted, simply post on Replate and a volunteer will come pick up the food from you where and when is convenient for you! Reduce your food waste and increase your social impact without any additional costs. It's that easy to make a difference.
